Additional items:

1. Mande to migrate mutual Aid frequency
 - Mutual Aid 1 and aid 2 wants to migrate this fire season
2. State radio and fire dispatch is getting kicked out.
 - Jeff is going to mystic fire station.
3. Reappointments will be put on agenda.

Approved of minutes

- Not sent out but on website, minutes will be on website from now on.

Old business

1. No money left over from 2009 budget, 2010 budget inc. \$273,000.
 - Will be \$70,000 short
 - Most of the increase went to telecom exp.
 - 10 FTE paid from personal budget
 - More travel to maintain towers
 - Techs get hazard pay
 - Will save state money

- A. Guys are safety trained 2 certified, they are not NATE certified
- B. HLS funding
 - Grant was extended to supplement budgets.
- 2. Grant status
 - A. PSIC
 - County funding
 - Release unspent funds
 - Reallocation
 - B. HSGP
 - \$6.15 million award
 - Decision not made on release of funds
 - Funding wanted for state radio trainer

Fred Motions for the PSCC to recommend HLS and BIT for radio trainer state wide.

- Denny seconds
- What' the coercion factor
- If volunteers don't train, they won't use the radio.
- MOTION CARRIES

C. STR

- Split mobiles and split cache up across state
- State is looking for match

- 3. Jeff- Motorola has provided a stripped down version for 5 million which will just upgrade
 - When go to P25 one can dispatch direct over IP connection
 - All radios can operate as they currently exist
 - Can add more sites to system
 - Overlay will be seamless
 - System will allow for limited state-state communications
 - Master site is directly connected to some sites

Conversion

- P25 master site installed in Becker Hansen
- Smart x adapters installed to convert P25 back to smart zone
- Astro smart zone is the vulnerable piece that needs replacement
- All new radios will need to be programmed as Smartzone
- Motorola should not include support in contract for radios
- State radio upgrades are a big hurdle to second phase for upgrade
- Best case scenario move to 2nd phase of project in 5 years
- It's suggested council recommend state agencies

Lewis- it is suggested to modify proposal for 2011-2015

Christenson seconds motion to suggest secretaries/Gov address radio purchases in annual budget.

MOTION CARRIES

See Handouts

4. Motorola provide a template to piece for writing a plan- it works well. Lewis wants Jeff to use caution as 700 MHz is up in the air.
5. Agencies look at radio purchases
 - Will the P25 software today it will work in the future
 - Radios will still need to be programmed
 - Features- Encryption
 - We may want to publish feature sets
 - Wyoming/Montana install P25 system
 - Place matrix of radio on website for brand new model
 - If you are ordering a radio this is what you can do

New Business

1. Federal reps will be changing to someone local, all local reps agree to be reappointed
2. Add a FAQ section let Jeff know if you have any updates to SCIP
3. Article 5 Section 6 was mentioned to authorize the public posting of the PSCC minutes of BIT web
 - Second receive
 - MOTION PASSES
 - Board discussed this and members may view discussions online
4. COML course proposed to be hosted in Watertown in the Fall
 - Provides idea of resources in the country
 - Course provided by OEC
5. CASM
 - SP is setting this up w/OEC
 - Tracks comms assets and maps them for emergency use
6. DONE
7. DONE
8. DONE

Elections for Chair etc. must happen in January
